

College Bound Scholarship Updated Guidelines and Disbursement Process

The College Bound Scholarship Program has implemented new procedures to streamline the disbursement process.

Scholarship Payments

- Direct deposit is now the standard *and only* payment method for scholarship disbursements. In order to enroll in direct deposit, a completed direct deposit enrollment form, along with a voided check or letter from your banking institution verifying routing and account numbers must be submitted to College Bound. The account holder must be the scholarship recipient.

Grade Verification

- In order to verify your grades for the scholarship GPA requirements, you are required to provide College Bound with your college portal login on the scholarship disbursement payment request. Official transcripts will no longer be accepted as proof of grades.

Please sign below indicating that you understand and will abide by the new College Bound Scholarship procedures.

Student Signature: _____

Date: _____

Printed Name: _____

Please return completed form to:
College Bound, Inc.
